

Super-Smart.
Super-Capable.
Super-Pig.

STEEL SUPER MANDREL PIG

The Steel Mandrel Pigs are some of our best-selling products. These pigs give you limitless options with the addition of cups, discs, brushes, gauge plates, and magnets making them easily the most versatile product lines we offer. All our Steel Mandrel Pigs are assembled and manufactured in Tulsa, Oklahoma guaranteeing the customer with a hands-on approach to each step.

Our MDI Polyurethane, which we use to outfit the Steel Mandrel Pig, is among the best in the industry. Whether your needs are online cleaning, new construction, paraffin removal, routine maintenance cleaning, batching, purging, displacement, line fill, or anything else, the Steel Mandrel Pig is tough enough to handle the job.
